Is There A Need For This

**Decision Maker**

Sir, we need to enable EAI at our environment

# My Thoughts

- I were propagating alone which is not the right activity, I have to organize a team !
- I did not invite large companies representative to attend the judgement of the UA Hackathon
- What could I do for Academia rather than organizing Hackathons !! Adding UA topic among CS materials !!
- What are the UA idea’s for 3 or 4 months graduation project for CS Students and ITI Engineers !!

Universal Acceptance

# My Thoughts

- EAI Test-Bed system should be there with clear technical documentation
